- Children may also bring their own snacks (nut-free) from home.
- Extra snacks are available for purchase daily for \$1 each.

## Snack Credit System

- ATB has a snack credit system, where parents can send a lump sum weekly or monthly and choose how many snacks a day their child can purchase.
- Purchases will be recorded daily so that there is a record of what each child buys.
- When a child's funds get low, a note will be sent home alerting the parents to send more money, if they like.
- Due to the strict sanitation guidelines in place right now, we recommend the use of the snack credit system to reduce the amount of money handled on a daily basis by the After the Bell staff.
- *If using cash, please be aware that due to our limited snack time, we will only accept paper bills and quarters in an effort to get the children served more quickly. Dimes, nickels, and pennies will no longer be accepted.*
- Since PK3 does not eat snack with the rest of ATB, they will receive the regular ATB snack but will not participate in the Snack Sale.

## Snacks Brought from Home

Children are welcome to bring snacks from home.

Please make sure that snacks are easy to open and not excessively messy and that drinks have tight lids or are disposable.
