

Safe Environment Training

Parents who have never attended training will need to attend a 2-hour training, complete paper work (please pick up your paper work from school before you attend a 2-hour training and return the paper work to me at school) and sign the registration sheet at the school/church you attend.

Parents who have completed the 2-hour training, you only need to attend a 1-hour training either online at <http://www.virtus.org> or attend a training session at another school/church in the area.
